Recruitment to roles within the Secretariat

I am pleased to announce that the Secretariat is recruiting to the following vacancies:

Programmes Officer

The IWC is seeking a dynamic and enthusiastic Programme Officer to support the development and implementation of IWC Work Programmes. The postholder will work across a range of cetacean conservation and welfare topic areas (for example underwater noise, whale watching, ship strikes, and marine debris) and take the lead on projects of particular interest. This is a fantastic opportunity for a motivated individual to gain experience in an intergovernmental environment. This post is a full-time position (37.5 hours per week) on a fixed term basis for a period of two years with potential for extension subject to funding. ***Closing date for applications: 5pm Friday 3rd January 2020***

IT & Database Supervisor

The IWC is offering a pivotal and varied opportunity to skilled IT specialists seeking a new challenge. The successful candidate will play a key role in IT infrastructure development and the IT support service provided by the Technical Department. The postholder will be responsible for the development and maintenance of databases and web technologies, as well as being responsible for the systems and practices which ensure that the organisation is compliant with Data Protection legislation. ***Closing date for applications: 5pm Friday 3rd January 2020***

We welcome applications from overseas candidates.

Further information regarding each of these roles, including full job descriptions and person specifications, is available at www.iwc.int/vacancies and attached to this Circular. To apply, please send a CV and covering letter detailing how you meet the requirements of the person specification to julie.creek@iwc.int.
