

CIRCULAR COMMUNICATION TO COMMISSIONERS, CONTRACTING GOVERNMENTS  
AND MEMBERS OF THE SCIENTIFIC COMMITTEE  
IWC.ALL.130

**Submission of Scientific Progress Reports**

Scientific Progress Reports have their origin in Article VIII, Paragraph 3 of the Convention and are formalised in the Rules of Procedure of the Scientific Committee (Rule E.1).

All member nations are urged by the Commission to provide Progress Reports to the Scientific Committee following the most recent guidelines (*Rep. int. Whal. Commn* 48: 292-5). The outline template attached should be used as a template for the report. It is also available from the website:

[http://www.iwcoffice.org/sci\\_com/scprogress.htm](http://www.iwcoffice.org/sci_com/scprogress.htm). General information in the report should cover the intersessional period (or, if a report was not submitted last year, the period since the last report) but statistical information **must** be provided by calendar year or season as explained in the template.

Please note that the template for the reports has been revised in recent years to take account of modifications agreed by the Scientific Committee. It is **essential that this template is followed and please do not alter** the dimensions and attributes of the tables, or change their formatting. Following the template *inter alia* makes the development of the summary tables attached to the Scientific Committee report considerably easier and ensures comparability across progress reports.

As in previous years, the Secretariat will reproduce Progress Reports provided that they are **received in the Secretariat by 8 May 2009**. Papers can be submitted either by e-mail ([helen.coulson@iwcoffice.org](mailto:helen.coulson@iwcoffice.org)) or as good quality single-sided, single-spaced top copies. If they are not provided by e-mail, please arrange to bring an electronic version to the meeting (.pdf format is preferred). **After 8 May, the required number of copies of the progress reports must be brought to the meeting (contact [helen.coulson@iwcoffice.org](mailto:helen.coulson@iwcoffice.org) for numbers) otherwise there will be serious delays in arranging for the production of the necessary copies.** They should be supplied printed single spaced, double-sided and preferably on A4 sized paper (210 x 297mm) or equivalent.

Finally, please complete the attached form giving the name and contact details for the persons designated to compile the reports and provide this to the Secretariat **by 6 April 2009**.

Dr. Nicky Grandy  
Secretary to the Commission

## Submission of Scientific Progress Reports
