CIRCULAR COMMUNICATION TO COMMISSIONERS, CONTRACTING GOVERNMENTS AND
MEMBERS OF THE SCIENTIFIC COMMITTEE
IWC.ALL.21

Scientific Committee Address List

Following the Annual Meeting held in Grenada in May we have updated the Scientific Committee address list. Commissioners and members of the Scientific Committee are asked to check the attached list (or enclosed with the postal version) to confirm that appropriate national scientists are included and that the addresses, telephone, fax and e-mail numbers are correct. Because of the size of the present list, it would be especially appreciated if names of people no longer actively involved in the work of the Scientific Committee are deleted. It is also important that Contracting Governments wanting to be on the distribution list for Scientific Committee circulars provide the appropriate names and addresses.

Please notify any amendments to the Secretary by **15 July 1999**.

Dr. R. Gambell
Secretary to the Commission
