

## IWC69 Outcomes – Friday 27 September 2024

This Report records the main outcomes of IWC69. Before each Agenda item is closed, the Chair will read out the decision, which the Secretariat will add to the Main Outcomes Report. The Secretariat will circulate an updated version of this Report at the end of each day, prior to adoption under Item 20.

Item	Title	Closed (time, date)	Main outcomes
19	Other matters	27.9.24, 09:25	While recognising the need for meaningful participation of civil society at IWC meetings, the Commission did not feel it was appropriate to approve Sea Shepherd's application for IWC observer accreditation at this time as it was not convinced that the organisation would contribute constructively to discussion on the business of the Commission. The Commission also noted that, under the current Rules of Procedure, Sea Shepherd could reapply for observer accreditation at any future meetings of the Commission.
		27.9.24, 09:28	The Commission requests the Credentials Committee to develop a credentials template containing all the criteria required under the Rules of Procedure for a letter of credentials.
		27.9.24, 09:30	The Commission agrees by consensus to support the decision-making processes of the Commission and support the right of credentialed delegates of voting parties to cast their vote on behalf their country, and the Commission respects the outcome of that vote. Any effort other than to discuss views in a respectful way is not welcomed by this Commission.
20	Adoption of daily reports of main outcomes, decisions and required actions arising from IWC69	27.9.24, 09:45	The Commission adopts the Main Outcomes Report for IWC69.
