CIRCULAR COMMUNICATION TO COMMISSIONERS
AND CONTRACTING GOVERNMENTS
IWC.CCG.920

Commissioner contact details, communications with the Secretariat and reduction in use of paper

Please find attached a table providing up to date contact details for Commissioners and Contracting Governments. The table also indicates the way (email/post) the Secretariat currently communicates with each member country. To make sure that the information we have is up-to-date and to help us be as efficient as possible in communicating with you, I would be grateful if you could:

1. Check that the persons listed for your country and their contact details (addressee, address, phone, fax, email) are correct, and inform us of any necessary revisions;
2. Check that the mode by which communications are sent (email/post) is correct, and inform us of any necessary revisions. Communication by email is preferred to help the Secretariat reduce postage costs and carbon footprint.

I would be grateful to receive your responses by Friday 8 April.

Dr. Simon Brockington
Secretary to the Commission
