

Circular Communication to Commissioners. Contracting Governments and
Members of the Scientific Committee
IWC.ALL.284

**SC/67a Scientific Committee Meeting, Bled, Slovenia:
Registration, meeting documents and other information**

Registration

Delegates for the SC/67a Scientific Committee meeting in Bled, Slovenia in May 2017 must register in the first instance online on the IWC website via the link at <https://iwc.int/sc67a> (a simple sign-in procedure is required). Note that if you have not logged into the Portal since last year, you will need to change your password via the 'Forgot your password' link on the login page.

For help with the online process please contact it.support@iwc.int. For general enquires on meeting attendance, please contact julie.creek@iwc.int.

If you need a visa, please notify the IWC (julie.creek@iwc.int) **immediately** to obtain information for the visa procedure. The invitation will be provided by the Government of Slovenia.

The Secretariat office will be open at the Hotel Golf in Bled, Slovenia for completion of registration and name badge pick-up from 14:00 on Monday 8 May 2017. Memory sticks containing Primary papers received by the submission deadline will be available if one was requested at online Registration.

Meeting documents

The submission deadline for SC/67a Primary papers is **Tuesday 2 May 2017**. Please submit your Primary papers (i.e. papers not previously published or in press or submitted to other fora) online via the link at <https://iwc.int/sc67a>. Document numbers will be assigned by the Secretariat. For help with the submission of Primary papers, please contact andrea.cooke@iwc.int.

All Primary papers **must** strictly be of relevance to the topics identified in the agenda for the meeting. Papers deemed not relevant by the Chair in consultation with the Convenors will not be accepted. Please check against the draft Agenda of the meeting (see circular IWC.SC.207 of 10 March 2017) and SC/67a/SCP01 'Important Information on the Scientific Committee Agenda and the Biennial Work Plan 2017-18' (available to download at <https://portal.iwc.int/e/sc67a/documents>).

If you have a paper that you believe is particularly relevant but has been previously published, is in press or has been submitted to other fora, choose the ForInfo category on the submission page. Please supply full reference details for these documents by including this in the 'title' box when uploading (including where possible a web access address). ForInfo papers do not form part of the official document archive of the meeting.

The published report of the 2016 SC/66b Bled meeting is now available at <https://archive.iwc.int/?r=6409&k=6df124de3c>

Copies of all Primary meeting papers will be freely available for download online via the link at <https://iwc.int/sc66b> (log in is required, access will not be restricted) from the first week of April onwards. All Primary papers will be archived on the IWC website at close of meeting.

During the meeting, draft reports and working papers will be circulated to participants only. Please note that only working papers included in the final agreed Report of the meeting will form part of the official meeting record.

Other information

All of the Commission's publications (including published meeting reports) and archived papers from past meetings, are available on the IWC website.

Any Committee member with programs, data or other software not already held by the IWC Secretariat that they might wish to use during the course of the meeting should either send them to the Secretariat (sue.burkett@iwc.int) in advance or bring them on memory sticks. This will ensure that no time will need to be spent in typing material into the computers or in de-bugging programs. Participants are reminded that software that is used for the provision of management advice must be made available well in advance of the meeting.

A handwritten signature in black ink that reads "Greg Donovan" with a stylized flourish underneath.

Greg Donovan
Head of Science
